

Understanding Outcomes

Learn what outcomes are, how to measure them and why they are important to funders and commissioners

Who the course is for

If you are responsible for securing funding, reporting to funders or managing a project or service, and want to understand about what outcomes are, how to define them and track them, then this course is for you.

Those booking a place are recommended to have previously completed HCF's Get Fit for Funding and Creating a Fundable Project (or equivalent training) before attending this course.

Course content

- What are outcomes and why are they important
- Defining the different terms and outcomes for projects
- How to identify and measure outcomes
- Sources of further help and information

Learning outcomes

Participants completing this course will be able to:

- Explain the difference between inputs, outputs and outcomes
- Understand the different outcomes that can be used for individuals, projects and organisations
- Know how to identify and track outcomes
- Find sources of help and information
